Sales Plan Terms

Equiniti Trust Company (the "Agent") will aggregate all shares for which requests to sell were received from participants and then will place the trade through an Agent affiliated registered broker/dealer and member of NASD/SIPC, of such shares in the open market. Depending on the number of shares being sold daily and current trading volume in the shares, sales may be executed in multiple transactions and may be traded on more than one day. The fee (including brokerage fees and commissions) in connection with the sale of shares is \$75.00 USD per sale transaction plus \$0.08 USD per share sold.

The price per share sold will be the average weighted price for all shares sold for the plan on the trade date or dates less applicable brokerage fees.

Participants should be aware that the share price may fluctuate between the time your sale request is received by the Agent and the time the sale is made on the open market. The price risk will be borne solely by you. The Agent may, at its own discretion, accept written requests to revoke instructions.

The Agent may, at its own discretion, process sales for all completed instructions that are submitted to the Agent. The Agent may, at its own discretion, reject sales based on the reasonable belief that submitted completed instructions are duplicative of previously submitted instructions. Any price risk will be borne solely by you.

Market sales are posted to your account as of settlement date. The settlement date is the date the administrator delivers the shares to the broker. Settlement date is three business days after the sale trade date. Your shares will be sold as soon as practicable following the receipt of your request and confirmation through the SWIFT message MT599.

Invalid, inaccurate, or incomplete bank wire or courier delivery instructions will result in a U.S. dollar denominated check for your proceeds, less any applicable wire transfer fees, being delivered to the address of record for this account.
